[Letter to 2024 Exhibitors](#)

The Texas Art Education Association represents over 5,000 members from throughout Texas. They are engaged in teaching art and are genuinely interested in advancing their professions. We expect a great many of these educators will be attending the 2024 Fall Conference to be held at the Moody Gardens Convention Center, Galveston, Texas. The dates of our conference, for exhibitors, are November 13-16, 2024. All conference workshops and meetings will be held at the Moody Gardens Convention Center, Galveston, Texas.

As always, attendees will want to see what is new in the art materials market, what colleges have to offer, and those services that art educators could enjoy. You, as exhibitors, will have the opportunity to present your services to a broad spectrum of art educators. Exhibits provide a significant feature of the conference since educators depend on the art materials for the tools to enhance their teaching skills. Exhibitors have the chance to display their products and services to those who influence purchasing and will be reaching an exclusive education audience. Teachers, supervisors, department chairpersons, and administrators are searching for new and innovative products for use in schools and universities throughout Texas and some nearby states.

We will also be using the Whova application which offers additional opportunities for sponsorship and promotion of you exhibits.
