Christopher M. Anderson, DMA

Christopher M. Anderson, DMA

Friday, Nov. 17, 2023

Keynote

Marriott Dallas Allen Hotel & Convention Center
777 Watters Creek Boulevard,
Allen, TX 75013

About me

Christopher M. Anderson, DMA

Throughout his almost 30 years leading in arts education, Dr. Christopher Anderson has worked to elevate the visibility of arts programs in public schools and universities; educating community members, education leaders, and government on the value of the arts in society and for our economy. He serves on the Arts Education Task Force for the Texas Cultural Trust and played a pivotal role on the board of the Lubbock Entertainment and Performing Arts Association in the development of the Buddy Holly Hall of Performing Arts and Sciences. Christopher is a champion of the importance of "all arts access for all".

As the Director of Visual and Performing Arts in the Arlington ISD, Christopher played an important role in the passage and development of the 2019 district bond which included over \$140M for the arts from a \$966M bond package. He also was a leader in the building of the Arlington ISD Center for Visual and Performing Arts from the 2014 bond package, a \$43M facility with dedicated world-class spaces for both the visual and the performing arts including a museum-quality art gallery for student exhibitions.

Christopher is known for his work on equitable access to the visual arts. This includes significant centralized funding PK-12 for art supplies as well as millions of dollars in equipment, stools, tables, and standards for art classrooms. His work with donors, and in fostering deep community relationships, has resulted in the establishment of unique visual art opportunities such as fully funded summer art camps and scholarships for college-bound art students.

Prior to serving as a district administrator, Christopher was Director of Bands and Instrumental Music Education at Arkansas Tech University. Christopher also spent 8 years as the director of the Goin' Band from Raiderland at Texas Tech University during the Mike Leach era. He has served as a national and international clinician including a residency at the Sydney Conservatorium of Music. Additional faculty positions include Stephen F. Austin State University and Abilene Christian University. Christopher began his career teaching at Keller High School near Fort Worth, Texas.

Christopher holds a doctorate from the University of Texas at Austin, a master's from Northwestern University, and a bachelor's degree from Abilene Christian University. He and his family reside in the Dallas/ Fort Worth Metroplex.

John Bramblitt

John Bramblitt

Saturday, Nov. 18 2023

Keynote

Marriott Dallas Allen Hotel & Convention
Center, 777 Watters Creek Boulevard,
Allen, TX 75013

About me

John Bramblitt

After losing his sight in 2001, John decided to pick up a paintbrush. He never expected anyone to see any of his paintings; he just knew he needed to reconnect with the visual world he had lost.

Since then John's work has been featured in major news outlets and traveled the world. He has worked with celebrities such as Tony Hawk, Jeff Bridges, and Lyle Lovett, among others. In 2017 John partnered with Delta to paint a Boeing 737 promoting the Rock-in-Rio concert. John has received three presidential service awards for his innovative multi-sensory art workshops and has been named a Cultural Ambassador to the US.

Not only is John ranked as the #1 blind painter in the world, but he is also now the only blind muralist having completed projects in New York, Dallas, and Fort Worth. John has shared his story with audiences around the world for the past ten years, energizing organizations and motivating people to exceed their limits. John's unique journey from the dark has enabled him to connect with a visual world and act as a beacon for others experiencing struggles.

EXPANDING YOUR ART EXPERIENCE

**Don't just think outside the box...
upcycle it.**

Donate an original work to our silent auction and support the Texas Art Education Foundation Scholarship Fund. Think outside the box and transform reclaimed cardboard into stunning sculptural artifacts, using any media or subject you desire.

We would like contributions to be constructed from up-cycled boxes and/or to fit in with the 1980s retro-futurism aesthetic, but don't let that limit your creativity. We encourage you to use any media or subject you desire. Whether your creation is 2-D or 3-D, any size, any media, the possibilities are endless.

Let your creativity shine, and create a work of art that will leave a lasting impression. Together, let's make a difference in the future of art education in Texas.

NOW SCANNING FOR ARTIST

We are searching for artist educators who would like to participate in a free-standing-mural live painting event. The Off The Wall initiative will take place Friday afternoon of the 2023 TAEA Convention in conjunction with the TAEA Artisan's Market and the TAEA Silent Auction.

There will be a limited number of muralist spots so pre-selected conference artist/artist teams will be painting one of many free-standing off the wall murals in a creative courtyard party atmosphere. Artists will be challenged to create a design for a 4x8' mural in the retro futuristic theme of the 2023 conference.

The submission window will be open from August 14th until October 31st. Selected muralists will be announced the week before the convention.
