

# Marking State Qualifiers as YES, I'm attending the State VASE Event!

In order to register students for State VASE workshops, you will need to perform the following steps:

TEACH • LEARN • ADVOCATE • CONNECT

1. Ensure that you are properly logged in to the HS VASE site. (The system automatically logs you out every evening.)
2. On your left side menu on your HS VASE homepage, click on the **State Qualifiers** tab.

On April 9, 2025 at 8am (CST), a link will **appear** on the left side menu called **State Workshop Registration**. (It will not appear before this date and time.)

You will click on this link and then select the student you wish to register for workshops.

**\*\*Please note:\*\***

The scholarship workshop spaces were pre-assigned this year based upon an entry being randomly selected on March 31, 2025 by a computer program. Every student qualifier was given an equal chance at obtaining a slot in a scholarship workshop.

If your student was awarded a slot and no longer wishes to participate in the scholarship workshop randomly assigned to them, the teacher/sponsor may change his/her selection to different workshop(s). However, once the selection is changed, it will **NOT** be possible to reassign the entry back to the original student.

Therefore, the teacher/sponsor should ensure the State VASE student qualifier fully understands that **any changes to the preassigned registration slot will be permanent.**

If you have any problems enrolling your students, please reach out to your HS VASE Regional Director first!
