

# Preparing for State VASE Portfolio Reviews

To ensure a successful engagement with student artists, please prepare the following for your station:

- **Branded Table Display:** Identify your institution clearly with school-specific coverings.
- **Departmental Highlights:** Bring visual or printed aids that showcase your specific art programs, facilities, and scholarship opportunities.
- **Student Engagement Items:** Small giveaways are a proven way to facilitate initial conversations with high school artists.

An overview of the designated review space prior to installation. Each representative will be provided with a standard station to curate their institutional presence.

A visual reference for institutional setup, demonstrating the effective use of tiered displays, branded textiles, and organized collateral to engage prospective students.

The venue will host a high volume of exceptionally talented student artists. This is a premier opportunity to provide portfolio feedback and discuss your institution's unique academic culture and scholarship opportunities.
